

MIC Summer School 2019: Career Day

- Date:** July 5, 2019
- Location:** t.b.d.
- Organizer:** PhD program Cutting Edge Microscopy together with the MIC of the University of Bern (www.mic.unibe.ch).
- Registration:** Via [KSL 446123](#)
- Target audience:** Students registered to the CEM PhD program or to the 4DHeart PhD program. Supervisors of these PhD students are cordially invited, too.

Timetable:

9:00 – 9:10	Welcome by Nadia Mercader / Ruth Lyck: introducing the idea of this event
9:10 – 9.30	Nadia Mercader: The Professor (Academia, women, with children)
9:30 – 9:50	Jochen Gehrig: The Inventor (private industry, Spin-off)
9:50 – 10:10	Petra Haas: Senior Product Manager (private industry, big company)
10:10 – 10:30	Guillaume Witz: Scientific Imaging Advisor (from career in academia to service in academia)
10:30 – 10:40	Explain the idea of the Round table session. Define themes, distribute into groups and assign themes.
10:40 – 11:15	Coffee Groups should prepare their sessions (see below).
11:15 – 13:00	Round table of the 4 speakers. Each group (or a representative of each group) moderates a 15-minutes theme round table session. This is in the presence of the other groups who are the audience but can also ask questions, comment or be asked by the moderator(s). Suggestions for topics: <ul style="list-style-type: none">- Work-life balance (→ private life?, work load)- Application procedure, difficulties- Qualifications required (besides an excellent expert knowledge in sciences)- Social aspects of job (fluctuation of colleagues, inter-relationship between colleagues)- Future career opportunities
13:00	End of Summer School 2019.
